Managing Director Richard Seville said, “We are pleased with the overwhelming support of shareholders for the adoption of the remuneration report which resulted in a 99% positive result of proxies cast. This is a dramatic change from the prior year’s substantial no vote. In the Company’s view this reflects the work done by the remuneration committee and board of directors in bringing the Company, wherever possible, in line with the ASX’s best practice guidelines and improved communication between the Company’s officers and shareholders.”
